

# Anesthesia

It's time for "What's That Mean?" Today....

Anesthesia

Oh, sounds like you sneezed. Gesundheit!

Thank you, but, anesthesia is a special medicine given by special doctors called "anesthesiologists" to help people so they won't feel pain.

Those are my kind of doctors! So, you might get anesthesia if you have to get stitches, have a really bad broken bone, or have surgery - like getting your tonsils out?

Exactly!
