Announcer It's time for...What's That Mean?

Announcer Today: Temperature

Lucy It's important for your care team to know how you're doing, so they will be collecting your vitals.

Lana "One "vital" we take is your "temperature.""

Lucy It's important for your care team to know how you're doing, so they will be collecting your vitals.

Lucy You will feel the thermometer roll across your forehead!
