

# What's That Mean? – Taking Care of a Dry Powder Inhaler (DPI)

Here is how you should take care of a dry powder inhaler.

Keep your dry powder inhaler in a dry place at room temperature.

Never place the DPI in water.

Never shake or breathe into the DPI.

Never use a spacer device with your DPI.

Doses 5 through 0 will show in red to remind you to re-order your medication.
