

Trivia Time (10)

**Overview**

Pop Quiz: Trivia Time

Question 1

Which of these is not a part of the brain?

Choices

Cerebellum, right atrium, pons, hippocampus

Conclusion

The right atrium isn't part of the brain, it's one of your heart's upper chambers!

Question 2

Let's try this one: Which planet has the most moons?

Choices

Jupiter, Neptune, Venus, Saturn

Conclusion

Saturn, known for its beautiful rings, also has the most moons. More than 80 have been discovered so far.

Question 3

And finally, what substance is used inside an Etch A Sketch drawing toy?

Choices

Aluminum powder, graphite, zinc, volcanic sand

Conclusion

The Etch A Sketch creates images with aluminum powder! Did you get it?
